

7555-000x Disposable pipettes LDPE

Declaration of Conformity

on plastic materials and articles intended to come into contact with food

Our supplier confirms that the above mentioned products made of LDPE are in compliance with Regulation (EU) No. 10/2011, 1282/2011 and 1183/2012, Regulation (EU)1935/2004 in the current version. The total migration and the specific migrations are below the legal limit value when used as directed, according to Regulation (EU)10/2011.

In case the products contain restricted substances (SML / OM), it will comply with the limit values that are listed in Regulation (EU) 10/2011. For substances, that are not listed in the Union List (Annex 1 of Regulation (EU) 10/2011), apply the national provisions such as the recommendations of the BfR (the German federal government; Federal Institute for Risk Assessment).

The mentioned products can be used for long term storage of all foodstuff at room temperature or below and can be heated up to 70 °C for up to 2 hours or to 100 °C for up to 15 minutes.

Thus, the above-mentioned products with the above-mentioned restrictions also comply with the provisions of Regulation (EU) No. 1935/2004 and the Food and Feed Code (LFGB).

The surface area to volume ratio, of the areas that come into contact with food, was tested to prove the conformity for material or object and the result is: 6 dm²/kg

Functional barriers were not used.

The declaration is based on our current state of knowledge and information provided by our supplier at the time that the document was drawn up. The supplier – Bürkle GmbH in Bad Bellingen/Germany – is certified according to the standard DIN EN ISO 9001 by the DQS (German Society for Quality Assurance) since 1995. The number of the certificate is 2284-08.

This document has been translated for informative purpose. In case of doubt the German version is valid.
